

**C.U.R.E.  
(CLASSMATES UNITED IN RESTORING  
THE ENVIRONMENT)**

**....IS SEEKING CONTRIBUTIONS FOR OUR**

**WIND TURBINE PROJECT**

C.U.R.E is dedicated to implementing alternative energy uses. We've installed solar panels that produce 55 KW of energy at the Westhampton Beach High School.

Our goal is to show the next generation of innovators the importance of improving our environment. We want to improve our communities by using clean energy!

Please consider making a donation today!
